MULTI CORE

**MULTI CORE SECURITY CABLE - 100M & 300M****4 Core & 6 Core Alarm Cable**

- Available in 4 core and 6 core rolls
- Used for low voltage and electronic control applications
- Available in 100m & 300m lengths
- PVC insulation (NON weather resistant)
- RoHS compliant

**MULTI CORE SHIELDED SECURITY CABLE - 100M & 300M****6 Core & 9 Core Alarm Cable**

- Aluminium polyester laminate foil tape providing 100% shield earthed
- Available in 6 core and 9 core rolls
- Used for low voltage data transmissions such as proximity readers
- Available in 100m & 300m lengths
- W2712 is commonly used to wire Aiphone LEF systems
- PVC insulation (NON weather resistant)

Power Cable

- Connecting wires: Figure 8
- Conductor: Untinned plain copper
- Insulation: Polypropylene (NON weather resistant)
- Pack size: 100m, 200m or 500m reels
- Commonly used to cable access control power supplies
- PVC insulation (NON weather resistant)
- RoHS compliant

Double Insulated Yellow Public Address Cable

- Double PVC insulated twin: 2 x 24/0.20
- Separate conductors with non-bonded sheath
- Voltage Rating: 600V AC
- Current Rating: 7.5 Amps
- Conductor Area: 0.75mm²
- Conductor Gauge: 18AWG
- Available in 200M & 500M rolls
- Commonly used to identify 100 V PA speaker line runs
