

EXTRA SIMPLE  
EXTRA SECURE

# INTRODUCING ASTUTO

The astute way to protect your customers' assets.

With Astuto encryption, you now have the extra level of security, without the extra level of effort! Simply purchase a kit, register your details and you're ready to go!

Astuto kits contain a set of already encrypted products including 2 readers and unique Astuto cards and key tags, as well as a registration card and your unique Astuto Key.

All you have to do is scan the QR code on the registration card to register your site.

Use your unique Astuto Key to easily order additional readers, cards or key tags depending on your needs and requirements.

## Encryption straight out of the box!

**Want to step into the future?  
Move to bluetooth credentials!**  
Scan the QR code to find out how:
