Packaging

Please Note

- Blades are extremely sharp. Handle with care.
- Retract blade fully when not in use.
- Safety goggles should be worn when in use.
- Dispose of used blade with great care.
- Keep out of reach of children.

Part No. KUK5

How it works

The compacted body can easily fit into most pockets. Push the side level until the body extends and locks into place. Push the top blade slider to extend blade and begin cutting.

How to easily change the blade

1. Flick the red button down to the 'unlock' position
2. Push the lever until the body extends into place
3. Push the blade slider to the end and keep in place
4. While holding the blade slider, pull out the blade and replace with a new one
5. Once the blade has retracted, flick the red button to the 'lock' position

Replacement Blades

Part No. KUK1/B
