## Wireless Bridge

### Functions

#### Pre-Configured Twin Pack

The bridge pair is conveniently packaged together, allowing for immediate use once powered on without any configuration required.

#### Cloud Management

Devices can be managed through the DoLink Care app and performs real-time monitoring of the network. The app also displays the status of devices, triggers alarms for errors in real time and sends notifications.

#### Quick Deployment

Network devices can be configured, and topologies are automatically generated.

#### Industry Standard Protection

Built to meet the industrial design standards, the device is highly reliable and stable. It is also IP65-rated, waterproof and dustproof.

#### PoE Input and Output

The device performs operations using the power it receives from the PoE power supply, and outputs PoE power to PD devices. This reduces the number of cables needed for installation.

#### Enhanced Antenna

Features enhanced antenna gain for the stable transmission of wireless signals over long distances, and it has strong anti-interference capabilities.

#### Wireless Management

With its built-in 2.4 GHz Wi-Fi, the device can be wirelessly accessed and configured.

- Strong signal: With its enhanced antenna, the peer-to-peer transmission distance reaches up to 1 km (3,280.83 ft).
- Wide operating temperature:  $-30\text{ }^{\circ}\text{C}$  to  $+65\text{ }^{\circ}\text{C}$  ( $-22\text{ }^{\circ}\text{F}$  to  $+149\text{ }^{\circ}\text{F}$ ).
- Easy installation: Supports multiple installation methods such as wall mount and pole mount.
- High protection: IP65 rated, it is suitable for outdoor scenes and withstands severe weather.
- Strong broadband: The bandwidth can reach up to 867 Mbps, ensuring there is no delay in transmission.

#### TDMA Enhancement

Adopts TDMA (Time Division Multiple Access) technology to stabilize video transmission bandwidth, and to locate wireless transmission hidden nodes.

### Scene

Suitable for scenes that require long-distance transmission, such as parks, scenic spots, and factories.
