

42920-P Datasheet

Elvox RFID Door Station for K429XX 7" Kit

Technical Data

- Operating temperature: (-25 °C; +55 °C)
- Relative operating humidity: from 0% to 90%
- Frequency range: 13,553-13,567 MHz
- RF transmission power: < 60 dB μ A/m
- Dimensions (mm)
 - 90.5 (L) x 190 (H) x 33 (D) (without-rainproof cover)
 - 101.3 (L) x 198.8 (H) x 43.8 (D) (withrainproof cover)

Functions

- Due Fili audio-video unit with wide-angle camera
 - 130° horizontal wide angle
 - White LEDs for night vision
 - Protection degree: IP54
 - Protection degree against impact: IK07
 - Aluminium housing, vandal-resistant
 - Speaker volume adjustment
 - Backlit name plate and call button
 - Can be installed with or without rain guard (rain guard included)
 - Electric door lock and/or automatic door control
 - Surface-wall mount installation
 - NFC card reader (cards supplied separately)
 - Lock actuation button mounting frame
 - Camera mounting frame (optional camera)
-
