

Kit-M1

L-Shaped Pole/Wall Mount Bracket

Kit-M1

L-Shaped Pole/Wall Mount Bracket

Product Introduction

Kit-M1 universal antenna mount is designed to provide the perfect angle for your wireless bridge, CPE, outdoor security cameras for home or other wireless systems. With adjustable angles and the option to mount it on a pole or wall, it's an excellent choice for outdoor installations. It can withstand strong winds and rain.

Product Feature

Pole Mount and Wall Mount optional

Kit-M1 can be installed on a pole or wall-mounted. You can choose to install it according to your needs, which is very convenient for you.

150 degree adjustment

The rod of mount bracket can be adjusted up and down by 150°. After you install the CPE or camera, you can adjust the angle of the rod to receive signals of different strengths

Firmness

The mount bracket is designed with non-slip gears. After you adjust the angle of the rod, you only need to twist it lightly, and the rod will be firmly fixed. And this mount bracket is equipped with two hoops to firmly fix your mount on the rod.

Waterproof

The surface of the Mount bracket is painted with a waterproof cap on top, thus preventing rainwater from entering the bracket and rusting. This makes the bracket waterproof and can withstand rain and prevent rusting with proper installation
