

## Leader Corporate SN15 Mini-PC

The Leader Corporate SN15 Mini-PC stands as a testament to cutting-edge technology and robust design, tailored for modern businesses and tech enthusiasts. Built with an uncompromising attention to performance and durability, this compact powerhouse boasts the latest 13th gen Intel H series processor, backed by the speed of DDR5 memory. Engineered for versatility, it comes equipped with Wi-Fi 6E, 2.5G LAN, and Quad Display Support, ensuring optimal connectivity and multitasking. Further complemented by a MIL-STD-810H chassis, the SN15 promises unparalleled reliability around the clock, making it an invaluable asset for any demanding environment.

At the heart of the Leader Corporate SN15 Mini-PC is the 13th gen Intel H series processor, ensuring swift and seamless performance for even the most demanding tasks. Whether you're working with intensive applications, multitasking, or anything in between, the integrated DDR5 memory facilitates lightning-fast data access and processing. With this combination, the SN15 guarantees a lag-free experience, driving efficiency to its peak.

The SN15 doesn't just offer sheer power; it ensures you're always connected. With the latest Wi-Fi 6E on board, enjoy faster and more stable wireless connections, making data transfers and online collaborations a breeze. The inclusion of 2.5G LAN means wired connections are faster than ever. Furthermore, with Quad Display Support, this Mini-PC becomes a multitasker's dream, allowing users to extend their workspace across multiple monitors, ensuring productivity never takes a backseat.

Crafted with the modern professional in mind, the SN15's MIL-STD-810H chassis stands as a testament to its resilience, promising longevity even in challenging conditions. Recognizing the importance of uptime for businesses, the SN15 is designed for 24/7 reliability, ensuring your operations remain uninterrupted. And, for added peace of mind, the SN15 comes with a 3-Year Onsite warranty, offering a remarkable 4-hour response time, ensuring that any potential hiccups are promptly addressed by professionals right at your doorstep.

| Specifications   |   |
|------------------|---|
| CPU              | Intel® Core™ i5-13500H Processor, (18M Cache, P-core up to 4.70 GHz/ E-core up to 3.50 GHz)   |
| Graphics         | Intel® Iris® Xe Graphics  |
| Memory           | 16GB (1x 16GB) DDR5 SODIMM RAM, 2x SODIMM slots, 32GB Max RAM   |
| Storage          | 500GB M.2 NVMe SSD. Supports additional 2.5" SATA Drive   |
| Case             | Corporate designed SFF chassis with MIL-STD-810H Military-grade Durability and VESA mount   |
| Keyboard         | Wired Keyboard Full Size Keyboard   |
| Mouse            | Wired Full Size Mouse   |
| Operating System | Windows 11 Professional   |
| Wireless         | Intel® Wi-Fi 6E AX211 (Gig+) and Bluetooth 5.2  |
| LAN              | 2.5G LAN  |
| Inputs/Outputs   | Front:<br>1x USB Type-C 3.2 Gen2<br>2x USB 3.2 Gen2<br>1 x Audio Jack (Line out/ Mic in/ Headphone out)<br>Rear:<br>1x USB 3.2 Gen2 |
