184 Brass Furniture Offset Pull Handle

Made from brass and designed to compliment 1800 and 2800 Series Brass Plate Furniture, the 184 Offset Pull provides a fixed pull without impacting the cylinder/turn functionality or the design aesthetic of a plate furniture installation.

Application

Designed for use with Lockwood 3570 Synergy Series and 3770 Selector Series Mortice Locks using Lockwood 1800 or 2800 Series Brass Plate Furniture.

Recommended for Access Control doors with electric strikes.

Product Details

Dimensions	Length: 160mm
	Projection: 48mm
Finishes	Satin Chrome Brushed (SC)
	Finger Clearance: 44mm
Fixing	The 184 Pull is designed with 147mm screw centres to enable it to be fixed through a standard visible fix brass plate (1900 or 2900).
	Plates are to be ordered separately to the 184 and care should be taken to ensure that a visible fix plate is specified for both sides of the door.
Screws	Supplied with M4 x 120mm x 2 screws

Standards and Compliance

Disabled Access - AS1428.1

185 Brass Furniture Offset Pull Handle

Made from brass and designed to compliment 4800 and 5800 Series Brass Plate Furniture, the 185 Offset Pull provides a fixed pull without impacting the cylinder/turn functionality or the design aesthetic of a plate furniture installation.

Application

Designed for use with Lockwood 3580 Synergy Series and 3780 Selector Series Mortice Locks using Lockwood 4800 or 5800 Series Brass Plate Furniture.

Recommended for Access Control doors with electric strikes.

Product Details

Dimensions	Length: 176mm
	Projection: 48mm
Finishes	Satin Chrome Brushed (SC)
	Chrome Plate (CP)
Fixing	The 185 Pull is designed with 159mm screw centres to enable it to be fixed through a standard visible fix brass plate (4900 or 5900). Plates are to be ordered separately to the 185 and care should be taken to ensure that a visible fix plate is specified for both sides of the door.
Screws	Supplied with M4 x 120mm x 2 screws

Standards and Compliance

Disabled Access - AS1428.1

214/215 Series 10mm Radius Corner Push/Pull Plates

Application

The 214 Series Door Furniture is 300 x 100 x 2mm thick stainless steel or brass plates with 10mm radius corners. Concealed fixed plates have studs with internal threads located in each corner; visible plates have corresponding countersunk holes and are fixed back to back through the door.

Designed for use with Lockwood 3570 Synergy Series and 3770 Selector Series Mortice Locks.

Function/Handle Selection

Certain functions require certain handles to be used. The following table outlines which length handles (screw centre distance shown) should be used for a given function.

Product Details

Dimensions	Length: 300mm
	Width: 100mm
Materials	Thickness: 2mm
	Handle Diameter: 17.5mm
Door Thickness	Finger Clearance: 40mm
	35 to 45mm standard. For doors 45 to 55mm thick, specify long fixing screws SP2000-208.
Finishes	Stainless steel or brass
	Satin Stainless Steel (SS)
Standards and Compliance	Polished Stainless Steel (PS)
	Powdercoat (PC)
Disability Access	Polished Brass (PB)

Standards and Compliance

Disabled Access - AS1428.1

Successfully tested up to 4 hours on fire door assemblies in accordance with Australian Standard AS1905.1 2005 - Part 1: Fire Resistant Doorsets.

Paradigm® Pull Handle Lockset - Deadbolt

The Australian designed Paradigm® Pull Handle Lockset expresses superior state-of-the art design featuring a contemporary style that delivers exceptional safety and security.

Suitable for residential, new building and renovation market applications.

The Pull Handle lockset incorporates innovative safety features from the Paradigm 005 Deadbolt and is manufactured with high end 304 grade stainless steel that comes in a brushed satin finish.

Key Features

- Three function modes with DualSelect® provides combination of convenience and security
- High security cut resistant stainless steel bolt
- Brushed 304 Grade Stainless Steel Pull Handles
- Concealed screw fixings gives a neat and clean appearance
- Safety Release™ automatically unlocks internal knob upon key entry from outside
- LockAlert® indicator shows lock status at a glance

Restricted Special Keying

Lockwood locks can be keyed to a number of controlled and/or specially keyed systems. These range from legally protected keys to protect against unauthorised duplication, which can also include specially designed key systems such as master key systems, which allow for different levels of mechanical access control.

Please refer to Lockwood Keying Catalogue or contact your local sales office or customer service for specific information.

Paradigm® Pull Handle Lockset - Deadlatch

Interior View - Single Cylinder Shown

The Australian designed Paradigm® Pull Handle Lockset expresses superior state-of-the art design featuring a contemporary style that delivers exceptional safety and security. The Paradigm® Pull Handle latching lockset is available in single and double cylinder variants.

Both variants are specifically designed for semi-commercial and apartment building applications. The locksets have been successfully tested up to 2 hours (depending on the type of doorset) on fire assemblies in accordance with Australian Standard AS1905.1-2005, part 1: Fire Resistant Doorset.

The Pull Handle lockset applies the innovative safety features from the Paradigm 005 Deadbolt into a latching lockset and is manufactured with high end 304 grade stainless steel that comes in a brushed satin finish.

Key Features

- High security cut resistant Stainless Steel latch
- Brushed 304 grade Stainless Steel Pull Handle
- Concealed screw fixings for a neat and clean appearance
- Safety Release™ automatically unlocks internal knob upon key entry from outside*
- LockAlert® indicator shows lock status at a glance*

*Only available in double cylinder variant

Restricted Special Keying

Lockwood locks can be keyed to a number of controlled and/or specially keyed systems. These range from legally protected keys to protect against unauthorised duplication, which can also include specially designed key systems such as master key systems, which allow for different levels of mechanical access control.

Please refer to Lockwood Keying Catalogue or contact your local sales office or customer service for specific information.

When it comes to safety it's primal, it's our survival, a basic human need. We want freedom to live, explore and rest without fear. To leave behind in safety our precious, cherished and most valuable things. And to come back to them exactly as we left them.

For as long as we have valuables, we will always need protection. Though the need for our products is driven by concerns, the Belief in our Brand is propelled by confidence. An unquestioned confidence in our ability to protect what is most important to you.

Our products provide peace of mind through strength, substance and style. Our reputation is forged in traditions, supreme workmanship, uncompromised values and above all our people. We are a trusted, tireless and vigilant guardian that protects families, households, trades and businesses.

Because if feeling safe is a basic human need, knowing you're safe is why Lockwood exists. For over 75 years, our guiding principle is and will always be: To take the worry out of protecting what is valuable to you.

Lockwood: *no worries*[®]
