

Quick Overview

DYMO Rhino™ 6000K Industrial Label Maker with Carry Case

Features

Bring the tough, portable Rhino™ 6000+ to any jobsite – it’s packed with time-saving shortcuts for labelling any installation quickly and professionally. Connect it to your PC, and use Dymo ID™ software* to create labels on your computer and print them with your labeller for even faster labelling on site. The Rhino 6000+ meets key ANSI and TIA/EIA-606-B industry labelling standards. Its proprietary, one-touch “Hot Keys” automatically format label text for electrical and patch panels, terminal and 110 blocks, wire and cable flags, horizontal and vertical warps, vertical and fixed-length applications. The Rhino 6000+ also prints 8 barcode types, 250+ pre-programmed industry symbols and terms, and much more.
